

MATTRESSES | DIVANS | HEADBOARDS | SOFA BEDS

Stowe

Welcome to our Platinum Range - designed exclusively for the hotel and contract market. Proudly made in Britain, our new range of mattresses, divan beds, headboards, sofa beds & guest beds all comply with UK fire regulations.

The Stowe is a new addition to our range and has comfort and support at its heart. It all starts with the 2,000 pocket springs nestled safely within deep fillings. Also featured on this model are flag stitched turning handles on all sides - making it considerably easier for housekeeping staff to turn the mattress - and breather vents to assist in keeping the mattress well-ventilated in all seasons. The mattress is completed with the finest Belgian damask and tufting; not only creating a beautiful decorative finish to the mattress, but also creating high loft cushions of super-soft comfort.

Having been designed specifically for the hotel and contract market, the durable and breathable anti-bed bug treated fabric will stand the test of time. Bed bug treatment has been applied to the mattress ticking to offer high-performant bug protection and is Ökotex-Standard 100 approved. This treatment is odourless and guaranteed skin-safe.

STOWE MATTRESS SPECIFICATION

- 90cm x 190cm
- 120cm x 190cm
- 135cm x 190cm
- 150cm x 200cm
- 180cm x 200cm

Bespoke, made-to-measure sizes are also available upon request. Note that the above measurements are subject to a tolerance of ± 20 mm.

5 YEAR GUARANTEE

At Wholesale Beds, we stand by the quality of our products and offer a 5 year guarantee for defects through proven material failure or faulty workmanship on a 'repair or replacement' basis. T&Cs apply.

FIRE RETARDANCY

All mattresses and divan bases are fully compliant with BS 7177 (Medium Hazard) Crib 5 Fire Retardancy standards for hotel and contract use.

ZIP & LINK / VELCRO & LINK

To offer flexibility in terms of rooms, the mattresses can be zipped and linked together to turn a twin room into a double, or vice versa. As an alternative to zip & link, we also offer Velcro and link. Please ask for details.

ENVIRONMENTALLY SUSTAINABLE

As part of our ongoing commitment to environmentally sustainable manufacturing, we ensure responsible sourcing of materials and endeavour to ensure that no waste goes to landfill.
