

MATTRESSES | DIVANS | HEADBOARDS | SOFA BEDS

Verulam

Welcome to our Platinum Range - designed exclusively for the hotel and contract market. Proudly made in Britain, our new range of mattresses, divan beds, headboards, sofa beds & guest beds all comply with UK fire regulations.

Designed as a model to provide the ultimate in comfort and durability, the Verulam with 1,200 pocket springs has proven to be one of our most popular models. It lives up to the task perfectly, giving real comfort and exceptional value for money, making it the obvious choice for so many of our customers.

Notable features on this pocket sprung model are flag stitched turning handles - making it considerably easier for housekeeping staff to turn the mattress - and breather vents to assist in keeping the mattress well-ventilated in all seasons. The mattress is completed with tufting; not only creating a beautiful decorative finish

to the mattress, but also creating high loft cushions of super-soft comfort.

Having been designed specifically for the hotel and contract market, the durable and breathable anti-bed bug treated fabric will stand the test of time.

Bed bug treatment has been applied to the mattress ticking to offer high-performant bug protection and is Ökotex-Standard 100 approved. This treatment is odourless and guaranteed skin-safe.

Bespoke, made-to-measure sizes are also available upon request. Note that the above measurements are subject to a tolerance of ± 20 mm.

5 YEAR GUARANTEE

At Wholesale Beds, we stand by the quality of our products and offer a 5 year guarantee for defects through proven material failure or faulty workmanship on a 'repair or replacement' basis. T&Cs apply.

FIRE RETARDANCY

All mattresses and divan bases are fully compliant with BS 7177 (Medium Hazard) Crib 5 Fire Retardancy standards for hotel and contract use.

ZIP & LINK / VELCRO & LINK

To offer flexibility in terms of rooms, the mattresses can be zipped and linked together to turn a twin room into a double, or vice versa. As an alternative to zip & link, we also offer Velcro and link. Please ask for details.

ENVIRONMENTALLY SUSTAINABLE

As part of our ongoing commitment to environmentally sustainable manufacturing, we ensure responsible sourcing of materials and endeavour to ensure that no waste goes to landfill.
